

EPDM Progress Report

January 25, 2013

This is just supposed to summarise the progress as progress is made. It will probably be out of date most of the time. Groups are currently:

1. (intro, presentation 1 and exercise 1) Sunny and Gavin
2. (presentation 2 and exercise 2) Jackie, Colin W and William
3. (presentation 3, exercise 3 and 4) Ben, Christian, Colin B, Craig, Georgiev and Christos

Although everything appears to be complete in table 1, work is continuing on some extra material to reinforce parts of the seminars.
